**EXPLANATORY STATEMENT
(PURSUANT TO SECTION 102 OF THE COMPANIES ACT 2013)**

The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act"), given hereunder sets out all material facts relating to the special business mentioned at Item Nos. 4 of the accompanying Notice dated July 10, 2025. As additional information, the Explanatory Statement also contains material facts pertaining to ordinary business mentioned at Item No. of the said Notice:

ITEM NO. 5

The Non-Executive Directors of the Company are leading professionals with high level of expertise and rich experience in varied functional areas such as business strategy, finance, understanding of consumer and customer insights etc. They have been shaping and steering the long-term strategy and make valuable contributions for the overall growth of the Company. In view of this, there is a need for the Non-Executive Directors to be compensated adequately for their level of commitment and the value they bring on board.

Further, considering the board evaluation, the board of directors in their meeting held on July 10, 2025 recommended approval of remuneration to be payable to Non- Executive Directors by way of Commission which was in turn recommended by Nomination and Remuneration Committee to the extent permissible as per the Companies Act 2013. The payment of such remuneration shall be in addition to the sitting fees for attending Board/Committee meetings.

Approval of the Members is sought for the remuneration payable to Non-Executive Directors for 2025-26.

None of the Directors or Key Managerial Personnel and their relatives (except Non-Executive Directors), are concerned or interested (financially or otherwise) in this Resolution.

The Board recommends the Ordinary Resolution set out at Item No. 4 for the approval of Members.

Rite Infotech Private Limited was acquired on March 31, 2024 closing business hours. Hence, its turnover will be consolidated with the company. The consolidated income of ₹ 14736.17 millions for the current year as compared to ₹ 15696.71 millions in the previous year. The consolidated Profit after Tax for the year under review amounted to ₹2223.20 millions in the current year as compared to ₹1694.29 millions in the previous year.

b. Performance of the Subsidiary Company

RIPL has reported the total income of ₹ 66.12 millions for the current year as compared to ₹ 64.58 millions in the previous year. The Profit after Tax for the year under review amounted to ₹ 1.08 millions in the current year as compared to ₹3.44 millions in the previous year.

3. Brief description of the Company's working during the year/State of Company's affair:

It is with great satisfaction that we look back at the performance of the Company for the financial year just concluded—a year that was defined by structural evolution, strategic investments, and innovation-led expansion. Despite a challenging external environment and a slight decline in revenue due to certain projects being curtailed or deferred, the Company delivered a strong financial outcome. Profit After Tax (PAT) grew by 15.25%, driven by improved operational efficiency, tighter cost controls, and a shift in focus toward high-margin solution areas.

This profitability—achieved on a largely flat revenue base—is a testament to our ability to extract more value from existing volumes through automation, digital transformation, and deeper penetration into value-added offerings.

A significant milestone during the year was the Company's transition into a Public Limited Company. This change reflects our long-standing commitment to governance, transparency, and strategic flexibility. It positions us to access capital markets, scale operations responsibly, and reinforce trust among stakeholders.

Aligned with this vision, we undertook a major reorganization of our operations into three consolidated segments:

Payment Solutions: This segment continues to provide secure and innovative payment instruments including smart cards, metal cards, wearables like wristbands, and student ID cards integrated with payment functionality. This year saw our participation in high-profile programs for banking clients, including the launch of premium metal card ranges that have been very well received in the market.

Communication and Fulfilment Solutions: This segment encompasses secure and compliant document printing, customer communication management, and logistics fulfilment services. These solutions ensure timely, traceable, and regulatory-compliant communication for our BFSI and enterprise clients.

IoT Solutions: This fast-growing segment has transitioned from a niche offering to a central growth driver, with revenue from this segment increasing by 96.95% during the year. Our portfolio now includes RFID tags and tunnels, IoT-enabled kiosks, and traceability platforms serving diverse sectors such as:

- Retail & Warehousing: Inventory traceability and loss prevention
- Renewable Energy: Asset lifecycle tracking of solar infrastructure
- Pharmaceutical & Healthcare: Supply chain traceability and regulatory compliance
- Automotive & Logistics: Vehicle identity and movement tracking

Through significant investments in R&D, design, and ecosystem partnerships, we have evolved into a holistic IoT solution provider with customized, scalable, and sector-specific offerings.

In keeping with our medium-term growth plans, the Company undertook significant infrastructure expansion. We acquired large industrial premises in Hirechally (Tumkur – Bengaluru Rural), Peenya (Bengaluru) and Kundli (Haryana). In addition, production capacities for RFID and card manufacturing were augmented, automation and material handling systems were upgraded to improve throughput and turnaround time and our quality control lab – Seshaasai Labs was strengthened with global-standard testing capabilities. These investments ensure readiness for high-volume production, better quality control, and faster execution of large, multi-location projects.

The company had applied to SEBI for its Initial Public Offering and had submitted its application in the form Draft Red Herring Prospectus – DRHP on December 27, 2024 for approval. We appointed IIFL Capital Services Limited, ICICI Securities Limited and SBI Capital Markets Limited as the Merchant Bankers and Khaitan & Co. as the Legal Counsel for the IPO process. We received an in-principle approval from SEBI on April 11, 2025. The IPO aims to raise funds primarily for debt reduction and capacity expansion, supporting our long-term strategy for sustainable growth.

To further strengthen leadership and governance, the Board was expanded with the inclusion of highly experienced and professional directors—Jayeshkumar Shah as a Non-Executive Director and Abbhijet Ghag, Sowmya Vencatesan, and Mehul Shah as Independent Directors. Pavan Kumar Pillalamarri was appointed as the Chief Financial Officer and Manali Shah as the Company Secretary and Compliance Officer to enhance regulatory oversight and financial discipline.

This year, we launched an upgraded, customer-centric website designed to better showcase our solution offerings, innovation stories, and domain leadership. We expanded our customer base, particularly in the IoT segment, and participated in several prestigious domestic and international events like the Smart Tech Asia, Dubai FinTech Summit and Seamless MiddleEast, Retail Technology Show in London, WIOT In Germany, Global Sourcing Expo in Melbourne- Australia, National Retail Federation- New York to exhibit our latest solutions.

Your Company is in the advanced stage of negotiations of an acquisition of 76% equity shares in Atoll Solutions Private Limited for a total consideration of ₹114 million. The said Company is at the forefront of solving industry challenges through advanced location intelligence solutions. The strategic move to acquire Atoll Solutions strengthens Seshaasai's position in the rapidly growing IOT and location-based services space.

However, as on the date, the Share Purchase Agreement and Shareholder's Agreement in respect of the proposed acquisition have not been executed.

Accordingly, the accounting treatment, if any, will be considered upon execution of definitive agreements and completion of the acquisition.

The Company intends to continue its dividend-paying policy as in previous years

Together, these achievements underscore our commitment to profitability, innovation, and scalability. As we look ahead, we remain focused on building a future-ready, resilient enterprise—one that delivers intelligent, integrated solutions for a connected world.

We extend our heartfelt gratitude to our esteemed customers and very supportive Consortium banking partners both of whom have been the pillars of our growth.

32. Corporate Social Responsibility:

We believe that while the growth and success of our business is our priority, we can reach our greater goals only if we cater to the needs of the communities where we operate. Community development involves implementing a long-term plan to establish a supportive and lasting framework for the progress of communities. As a result, the Company's approach to Corporate Social Responsibility ("CSR") extends beyond fulfilling legal obligations and instead focuses on generating social and environmental benefits.

The CSR committee of the Board oversees and guides our CSR approach and deployment in line with the CSR Policy adopted by the Board. The CSR Policy covers the focus/thrust areas around which the CSR programmes, projects and activities are planned for creating a significant positive impact on targeted stakeholder groups. During the financial year under review, the CSR efforts of the Company continued to be directed towards its focus areas in line with the Company's CSR Policy positively.

The Annual Report on CSR activities is enclosed as "**Annexure C**"

33. Internal Financial Controls:

As per the provisions of Section 134(5)(e) of the Companies Act, 2013, the Directors have an overall responsibility for ensuring that the Company has implemented robust systems/ framework of internal financial controls to provide them with reasonable assurance regarding the adequacy and operating effectiveness of controls with regards to reporting, operational and compliance risks. To enable the Directors to meet these responsibilities, the Board has devised systems/ frameworks which are operating within the Company. In line with best practice, the Board regularly reviews the internal control system to ensure that it remains effective and fit for purpose. Where weaknesses are identified as a result of the reviews, new procedures are put in place to strengthen controls and these are in turn reviewed at regular intervals.

Your Company's management has established and maintained internal financial controls based on the internal control over financial reporting criteria established in the integrated framework issued by the Committee of Sponsoring Organisations of the Treadway Commission (2013 Framework) (the COSO criteria), which considers the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the

accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Based on information provided, nothing has come to the attention of Directors to indicate that any material breakdown in the function of these controls, procedures or systems occurred during the year under review. There have been no significant changes in our internal financial controls during the year that have materially affected, or are reasonably likely to materially affect, our internal financial controls.

There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives. Further, in the design and evaluation of our disclosure controls and procedures, our management was necessarily required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

34. Meetings of the Board:

The Board meets at regular intervals to discuss and decide on Company's business policy and strategies apart from other urgent business matters. The date of meetings of the Board of Directors and Committee are informed to the Directors in advance to facilitate them to plan their schedule and to ensure meaningful participation in the meetings. However, in case of a special and urgent business need, the Board's approval is taken by passing resolutions through circulation, as permitted by law, which are confirmed in the subsequent meeting of the Board of Directors.

The notice of meeting of the Board of Directors and Committees is given well in advance to all the Directors of the Company. Usually, meetings of the Board are held at the Correspondence address of the Company. The agenda of the Board / Committee meetings are circulated as per the provisions of section 173 of the Companies Act 2013 and Secretarial Standard on meetings of the Board of Directors (SS-1) issued by the Institute of Company Secretaries of India ('ICSI'). b.

The Board shall ensure that the administrative overheads shall not exceed 5% of the total CSR expenditure of the Company for the financial year.

In case the Company spends an amount in excess of requirement provided under sub-section (5) of Section 135 of the Act, such excess amount may be set off against the requirement to spend under sub-section (5) of Section 135 of the Act up to immediate succeeding three FYs subject to the conditions that

- The excess amount available for set-off shall not include the surplus arising out of the CSR activities if any,
- The Board of the Company shall pass a resolution to that effect.
- The surplus, if any, arising out of CSR initiatives of the Company shall not form part of its business profits and shall be:
- ploughed back into the same project or
- transferred to the unspent CSR Account and spent in pursuance of this CSR Policy and Annual Action Plan of the Company or to a Fund specified in Schedule VII, within six months from the end of the financial year.

The following activities / contributions shall not constitute CSR expenditure:

- Activities undertaken in the normal course of business of the Company.
- Any activity undertaken outside India except for training of Indian sports personnel representing any
- State or Union territory at the national level or India at international level.
- Contribution of any amount directly or indirectly to any political party under Section 182 of the Act.
- Activities benefitting employees of the Company as defined in clause (k) of Section 2 of the Code on Wages, 2019.
- Activities carried out for fulfilment of any other statutory obligations under any law in force in India.

8. Failure to spend the CSR Money

If the Company fails to spend the required amount in a particular financial year, it is the duty of the Committee to submit a report in writing to the Board of Directors specifying the reasons for not spending the amount, which in turn shall be reported by the Board of Directors in their Annual Report pertaining to that particular Financial Year.

The Company will report reasons for not spending the entire Budget outlay for CSR allocated in any FY. Further, it will not dilute the fund allocation requirement for such next FY.

INDEPENDENT AUDITORS' REPORT**To The Members of The Sessaasai Technologies Limited
Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of **Sessaasai Technologies Limited** ("the Company"), which comprises the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended on that date, and notes to the financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2025, and its profit, total comprehensive income, its cash flows and the change in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Management and Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the Standalone Financial Statements and our auditor's report thereon. The other information is expected to be made available to us after the date of the Auditor's Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management and Board of Directors Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements to give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statement

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order") we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable
2. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts;
 - d) in our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act;

- e) on the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; Our report expresses unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control with reference to standalone financial statements.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V of the Act and the rules thereunder.
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at 31st March 2025 on its financial position in its Standalone Financial Statements to the extent determinable/ascertainable. Refer Note 41 to Standalone Financial Statements.
 - ii. The Company does not have any long-term contract including derivative contracts as at March 31, 2025 for which there are any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection fund by the Company during the year ended March 31, 2025.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kinds of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether , directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the ultimate Beneficiaries.
(b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall Whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding party ("ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
(c) Based on audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. The amount of dividend is in accordance with Section 123 of the act.
a) The final dividend proposed in the previous year, declared and paid by the Company during the year and interim dividend declared and paid during the year is in compliance with section 123 of the Companies Act, 2013, as applicable.

b) As stated in Note 41 to the standalone financial statements, the Board of Directors of the Company have proposed the final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, to the extent it applies to payment of dividend.

4. With respect to the matter to be included in the Auditors' Report under section Rule 11(g) of Companies (Audit and Auditors) Rules, 2014, based on our examination which included test checks, except for the instances mentioned below, the company has used Tally Prime software for maintaining its books of account which has a feature of recording audit trail (edit log) and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention:

- A) The Fixed Assets Register relating to Property, Plant and Equipment (including Intangibles), the payroll processing system, petty cash register and Inventory register are maintained in excel format and there is no feature of recording audit trail (edit log) throughout the year.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2(f) of the Independent Auditors' Report of even date to the members of Sessaasai Technologies Limited on the Standalone Financial Statements for the year ended March 31st, 2025.

Report on the Internal Financial Controls with reference to Standalone Financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of Sessaasai Technologies Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

6. A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that
- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
 - Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

I. Corporate information

Seshaasai Technologies Limited w.e.f 25th November 2024 (formerly known as Seshaasai Business Forms Limited, w.e.f 14th October 2024) (was previously known as Seshaasai Business Forms Private Limited) (the Company) is a company domiciled and incorporated in India under the Companies Act, 2013 on September 17, 1993. The registered office of the Company is located at 9, Lalwani Industrial Estate, 14, Katrak Road, Wadala, Mumbai- 400031.

The Company stands converted from "Private" to "Public" as per Certificate of Incorporation dated October 14, 2024 issued by the Registrar of Companies, Central processing center. Subsequently on November 25, 2024 the company changed its name to Seshaasai Technologies Limited as per Certificate of Incorporation dated November 25, 2024 vide CIN: U21017MH1993PLC074023.

Seshaasai Technologies Limited is mainly engaged in the business of security and Variable data printing.

These standalone financial statements have been approved for issue by the Board of Directors at their meeting held on 10th July 2025 at Wadala, Mumbai- 400031.

II. Basis of Preparation and Presentation of Standalone Financial Statements

(a) Statement of Compliance

The Ind-AS financial statements of the Company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules, 2017 ('Ind AS') and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI).

(b) Functional Currency

The Company's standalone financial statements are presented in Indian Rupees, which is also its functional currency. All the values are rounded off to the nearest Millions with two decimals except where otherwise stated.

(c) Basis of measurement

These standalone financial statements have been prepared on accrual basis under the historical cost convention except for (a) Certain Financial Assets and Liabilities and (b) Defined Employee Benefit Plan Assets, which have been measured at their fair values.

(d) Use of Estimates

The preparation of the Company's standalone financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the assets or liabilities in future periods.

(e) Current Non- current Classification

The Company presents assets and liabilities in the standalone balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
 - b) Held primarily for the purpose of trading,
 - c) Expected to be realised within twelve months after the reporting period, or
 - d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Operating Cycle is the time between the acquisition of assets for business purposes and their realisation into cash and cash equivalents. Based on the nature of activities of the company, the company has determined its operating cycle as 12 months.

(f) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- i. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- ii. Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- iii. Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

III. Material Accounting Policy

1.1 Property, Plant & Equipment and depreciation

Recognition and measurement

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable taxes (net of GST), after deducting trade discounts and rebates.
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- borrowing costs for long-term construction projects if the recognition criteria are met.
- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital Work-in-Progress'. As per the technical opinion obtained by the Company, the Property, Plant and Equipment held by the Company does not involve Decommissioning cost and the cost of removal of such assets is not material considering the size of the Company. Considering this aspect, the Company has not made any policies for capitalizing the decommissioning cost.

Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation on 'Property, Plant & Equipment' generally is provided on the Straight-Line Method over the useful lives of the assets and residual value in terms of Schedule II of the Companies Act, 2013. Depreciation for the assets purchased/sold during the period is proportionately charged. Building constructed on the lease hold land if any, is depreciated over the period of lease or the useful life in terms of Schedule II of the Companies Act 2013, whichever expires earlier. Leasehold land if any, is amortized over the period of the lease. Improvements to buildings are amortized over the period of remaining useful life of the building. The estimated useful lives are as under:

Plant and Machinery (including electrical installation)	15 years
Furniture and fixtures	10 years
Office Equipment	5 years
Computers	3 years
Lease hold land	Period of

Buildings	lease 30 years
-----------	-------------------

The residual values, useful lives and methods of depreciation of 'Property, Plant and Equipment' are reviewed at each financial year end and adjusted prospectively, if appropriate and under such circumstances the appropriate disclosure is being made in the notes to accounts.

Policy with regard to depreciation of assets taken on lease i.e. Right of Use Assets disclosed under sub note 1.4 below.

1.2 Intangible Assets and Amortisation

Intangible assets are stated at the cost of acquisition/cost of development less accumulated amortization and impairment loss, if any. Such costs include purchase price/development costs, eligible borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use net of recoverable taxes, trade discount and rebates. Subsequent costs are included in the assets carrying value or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be reliably measured.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised. The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate

The Company has estimated the useful life of Intangible Asset of the nature Computer Software at 15 years/3 years. The estimated useful life of an intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors. The asset is amortised on a straight line basis over the estimated useful life.

1.3 Impairment of Non-financial Assets

As at each Balance Sheet date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified to the asset. In determining fair value less cost to sell, recent market transaction are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation.

When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through the Statement of Profit and Loss.

1.4 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

The Company's lease asset class primarily consists of leases for buildings and machinery.

Company as lessee:

Lease under which the Company assumes substantially all the risks and rewards of ownership are classified as Finance Leases.

At the date of commencement of the finance lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short term and leases of low value assets the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made

As Lessor:

Leases are classified as Finance Lease or Operating Lease, in the manner stated above. Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease. Revenue from lease rental is disclosed net of indirect taxes, if any.

1.5 Financial Instruments

1.5.1 Financial Assets

1.5.1.1 Initial recognition and Measurement

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at Fair Value on initial recognition, except for trade receivable which is initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date, i.e., the date that the Company commits to purchase or sell the asset.

1.5.1.2 Classification of financial assets:

The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

1.5.1.3 Subsequent Measurement

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

Financial Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Financial Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial

assets is included in other income or other expenses, as applicable.

The Company subsequently measures all equity investments at fair value. Where the Company's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

1.5.1.4 Impairment of Financial Assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At all reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

1.5.1.5 Derecognition of financial assets

The company derecognizes financial asset when the contractual rights to cash flows from the financial asset expires or it transfer the financial asset and the transfer qualifies for derecognition under Ind AS 109.

1.5.2 Financial Liabilities

1.5.2.1 Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

1.5.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original

liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

1.6 Taxes on Income

Tax expense comprise of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each balance sheet date unrecognized deferred tax assets are re-assessed. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Income Tax paid (including tax deducted at source, tax paid on self-assessment or otherwise) and provision for Current Income Tax is presented in the Balance Sheet after setting off the same against each other.

1.7 Inventories

- Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads is arrived through Weighted Average Cost.
- Scrap is valued at net realisable value.
- Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

1.8 Employee Benefits

Short Term Employee Benefits

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus, ex-gratia and performance linked rewards such as annual variable pay falling due wholly within twelve months of rendering the service are classified as short term benefits and are expensed in the period in which the employee renders the related service

Defined Contribution Plan

Provident fund scheme, employee state insurance scheme and employee pension scheme are the Company's defined contribution plans. The contribution paid or payable under the scheme is recognised during the period in which the employee renders the related service.

Defined Benefit Plan

The Company provides for Gratuity, a defined benefit plan covering eligible employees. The

Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and tenure of employment with the Company.

The Company's contribution towards gratuity is invested in a Group Gratuity Policy with the Life Insurance Corporation of India. Deficit/Surplus of present value of obligations (under Gratuity policy) over the fair value of Gratuity plan assets is recognised in the Balance Sheet as an asset or liability. The same is determined based on an independent actuarial valuation using the Projected Unit Cost Method. Gains and losses through remeasurement of the net gratuity liability/(asset) are recognised in Other Comprehensive Income and is reflected in Other Equity and the same is not eligible to be reclassified subsequently to Profit or Loss. Premium expense incurred to keep in effect such a group gratuity policy is recognised in the Statement of Profit and Loss as employee benefit expense in the year such premium falls due.

The company has not framed any policy as regards leave encashment, since the same is not given as long-term employee benefit. There are no other employee benefits.

1.9 Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

1.10 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand and at bank (in current accounts) and term deposits maturing within 3 months from the date of deposit. Term deposits maturing beyond 3 months, earmarked balances with banks and deposits held as margin money or security against Bank guarantees, LC, borrowings etc. have not been considered as Cash and Cash Equivalents.

1.11 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing

or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.12 Revenue Recognition

Revenue from Operations

The Company derives revenues primarily from Sale of Products and services including manufacturing and trading.

Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes amounts collected on behalf of third parties. Revenue is recognized upon transfer of control of promised products or services to customers. To recognize revenues, the Company applies the following five step approach:

- (1) Identify the contract with a customer,
- (2) Identify the performance obligations in the contract,
- (3) Determine the transaction price,
- (4) Allocate the transaction price to the performance obligations in the contract, and
- (5) Recognize revenues when a performance obligation is satisfied.

The revenue is recognised when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the products or services is transferred to a customer.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the products/services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Products/Services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional products/services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services. Revenue is disclosed net of Goods and Service Tax in the statement of profit and loss.

The Company accounts for rebates/discounts to customers as a reduction of revenue based on the underlying performance obligation that corresponds to the progress by the customer towards earning the rebate/discount. The company accounts for the liability based on its estimates of future timely receipts of the billed and unbilled revenue. If it is probable that the criteria for rebate/discount will not be met , or if the amount thereof cannot be estimated reliably , then rebate/discount in not recognised until the payment is probable and amount can be estimated reliably. Such rebates/discounts are accounted as the reduction from the revenue.

Interest Income

Interest Income from a financial asset is recognized using the effective interest method. Interest on refund of Income Tax is accounted in the year of receipt.

Other Income

Lease income is recognised in the manner mentioned in sub note 1.4 above.

Difference in Exchange rates recognised as income, in the manner mentioned in sub note 1.13 below.

Bad debts recovered considered as income, in the year, the same is being recovered.

Claims received is accounted in the year of receipt.

Dividend Income is recognized when the Company's right to receive the payment has been established.

Government grants and subsidies are accounted when there is reasonable assurance that the Company will comply with the conditions attached to them and it is reasonably certain that the ultimate collection will be made. Capital grants relating to specific fixed assets are reduced from the gross value of the respective fixed assets. Revenue grants are recognized in the Statement of Profit and Loss. Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

1.13 Foreign Exchange Transactions

Transactions in foreign currencies are translated into the functional currency of the Company at exchange rates at the date of transactions or an average rate if the average rate approximates the actual rate at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Foreign Exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary-assets and liabilities denominated in foreign currency at year / period end exchange rate are generally recognised in profit or loss.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in foreign currency are translated at the exchange rate at the date of transaction. Exchange differences are recognised in the profit or loss, except exchange differences arising from the translation of qualifying cash flow hedges to the extent hedges are effective which are recognised in Other Comprehensive Income (OCI)

1.14 Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(i) Commencement of capitalization

Capitalisation of borrowing cost as part of the cost of a qualifying asset shall begin on the commencement date. The commencement date for capitalisation is the date when the entity first meets all of the following conditions:

a. it incurs expenditures for the asset;

- b. it incurs borrowing costs; and
- c. it undertakes activities that are necessary to prepare the asset for its intended use or sale.

(ii) Cessation of capitalisation

Cessation of capitalisation shall happen when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

Other borrowing costs are recognised as an expense in the period in which they are incurred.

1.15 Share Capital and Share Premium, Dividend Distribution to Equity Shareholders:

Ordinary shares are classified as equity, incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. A distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in other equity along with any tax thereon.

1.16 Earnings per share

Basic earnings per equity share is calculated by dividing the net profit or loss after tax (before considering other comprehensive income) for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share, if any, is computed by dividing the net profit or loss for the year as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares and dilutive potential equity share outstanding during the period except when the results would be anti-dilutive.

1.17 Regrouping of Previous Year's figures

The Company has adopted the policy of regrouping certain figures for the purpose of better presentation and/or to comply with the amended Indian Accounting Standards and Schedule III, if any, for the current, comparative period and opening balance sheet.

1.18 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Note No.43.4 Financial risk management objectives

The Company's principal financial liabilities comprise borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables and cash that are derived directly from its operations.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

I. Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors is responsible for overseeing the Company's risk assessment and management policies and processes.

II. Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with bank and other financial instruments.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

(a) Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. The Company has further considered internal and external sources of information, specifically having regard to the current macro economic conditions and the global health pandemic to assess the impact on credit losses. Based on the information available as at the date of approval of these financial statements, the Company expects the historical trend of minimal credit losses to continue.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

	As at March 31, 2023	As at March 31, 2024
Neither past due nor impaired	1,609.89	1,265.84
Past due but not impaired		
Past due 1-90 days	1,041.05	867.49
Past due 91-180 days	171.69	44.38
Past due more than 180 days	144.05	51.41
	2,966.68	2,328.92

(b) Expected credit loss assessment for customers as at March 31, 2023 and March 31, 2024

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

The movement in the allowance for impairment in respect of trade receivables during the year was as follows:

Balance as at April 01, 2023	13.37
Impairment loss recognised	4.97
Amounts written back	-
Balance as at March 31, 2024	18.34
Impairment loss recognised	11.65
Amounts written back	-
Balance as at 31 March 2025	29.99

(c) Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions as on 31 March 2025 Rs. 968.21 million (31 March 2024 Rs. 777.22 million.)

Other than trade and other receivables, the Company has no other financial assets that are past due.

(d) Loan

The Loan consists of Loan to employees. The company does not expect any non payment as said loan are given to confirmed employees only of the organisation

Note No.43.5 Liquidity risk management

(All amounts are in Indian Rs. million unless otherwise stated)

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

(i) Exposure to liquidity risk

Note No.43.6 Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and other price risk such as commodity risk.

(i) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar (USD) and Euro (EUR), against the functional currencies of the Company.

(ii) Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

(iii) Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Note No.43.7 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to variable rate borrowings from banks and related party.

Particulars	Nominal amount	
	March 31, 2025	March 31, 2024
Borrowings		
Fixed rate borrowings	-	-
Variable rate borrowings	3,528.89	3,207.52
	3,528.89	3,207.52

Interest rate sensitivity - fixed rate instruments

The Company's fixed rate borrowings are carried at amortised cost. They therefore may not be materially subject to interest rate risk as defined in IND AS 107.

Interest rate sensitivity - variable rate instruments - 1% change in interest rate

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Assets and liabilities for which fair values are disclosed as at March 31, 2025	Amortised cost	Level 1	Level 2	Level 3	Total

These are for operation purposes and the Company expects its refund on exit. The Company estimates that the fair value of these investments are not materially different as compared to its cost.

The financial instruments are categorised into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

(ii) Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

The fair value of investment in Government Securities is measured at quoted price.

The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates at the balance sheet date.

Commodity derivative contracts are valued using available information in markets and quotations from exchange.

The fair value of level 3 instruments is valued using inputs based on information about market participants assumptions and other data that are available.

The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

45 Note on merger

(All amounts are in Indian Rs. million unless otherwise stated)

Pursuant to the composite scheme of Arrangement between Seshaasai Business Forms Private Limited (SBF/the Company) and Seshaasai E-Forms Private Limited (SEF/Transferor Company) and their respective shareholders and creditors under section 230 to 232 read with section 2(18), section 2(19AA) and other applicable provisions of the Income Tax Act along with other applicable provisions of the Companies Act, 2013 ("the Scheme" or "Business Reorganization Scheme"), the scheme provides for the demerger of the Business Process Outsource Division ("BPO Division") of SEF and the merger of the remaining business of SEF into SBF, effective from the appointed date of March 31, 2023. The Scheme was sanctioned by the Mumbai bench of the Hon'ble National Company Law Tribunal [NCLT] vide its order dated February 08, 2024 and all the businesses, undertakings, activities, properties, investments and liabilities of SEF were transferred to and vested in the Company as per the Scheme with effect from March 31, 2023, being the appointed date. The certified copy of order and necessary forms was filed with the Registrar of Companies, Mumbai [ROC] at Mumbai on March 13th, 2024. The Scheme has accordingly been given effect to in these financial statements as per the accounting treatment approved in NCLT order and provided in the Scheme.

As the above companies are under the common control of the shareholders, the Scheme has been accounted for in the books of the Company using Pooling of Interest method as prescribed in Appendix C to Ind AS-103 ["Business combinations of entities under common control"]. Accordingly,

1. The assets and liabilities pertaining to the Transferor Company vested in the Company have been accounted as provided in the Scheme, at their respective carrying values as appearing in their respective books on the opening hours of business on March 31, 2023 being the Appointed Date.
2. The inter-Company outstanding balances between the Transferor Company and the Company inter-se have been cancelled.
3. The transferor company also holds shares in SBF, for which the equity share capital of the company has been cancelled against the cost of investment as reflected in the books of the transferor company. This cancellation has resulted in a difference that is credited to a capital reserve.
4. No adjustments are made to reflect fair values, or recognize any new assets or liabilities. Adjustments are only made to harmonize accounting policies.
5. The identity of the reserves are preserved and the reserves of the Transferor Company become the reserves of the Company.
6. The surplus/deficit of the value of shares issued to the shareholders of the Transferor Company over the value of net assets and reserves of the Transferor Company appearing in the books of the Company on merger pursuant to the Scheme has been adjusted in the "Capital Reserve Account" of the Company.
7. The financial statements of the Company for the previous financial years presented as at April 01, 2022 and March 31, 2023 have been restated as if this business combination through the Scheme had occurred from the beginning of the earliest period presented, i.e. April 01, 2022, as prescribed in the Appendix C to Ind AS-103.

The total consideration for merger is Rs. 5,880.00 Lakhs, which is determined by exchange ratio of 1:147 shares of the Company against 1 share of SEF.

The book values of assets and liabilities acquired of Transferor Company on merger, as at the appointed date i.e. 31st March, 2023 has been provided below:

INDEPENDENT AUDITORS' REPORT
To The Members of Seshaasai Technologies Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Seshaasai Technologies Limited ("the Parent Company") and its subsidiary, (the Parent Company and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including the of Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and Notes to the Financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiary referred to in the Other Matters section below, the aforesaid Consolidated Ind AS Financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and their consolidated profit, their consolidated comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI"), together with the ethical requirements that are relevant to our audit of the Consolidated Financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in term of their reports referred to in paragraph (1) of the "Other Matters" section below is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Parent's Management and Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Consolidated Financial Statements, Standalone financial statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, compare with the financial statements of the subsidiary, audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors

and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary, is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Consolidated Financial Statements

The Parent's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Management and Board of Directors of the Companies included in the group are also responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent Company, as aforesaid.

In preparing the Consolidated Financial Statements, the Respective Management and Board of Directors of the Companies included in the Group are responsible for assessing the ability of the respective entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Management and Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Management and Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls with reference to Consolidated Financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or the business activities with the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statement of such entities or business activities included in the Consolidated Financial Statements, which we are the independent auditor. For the other entities included in the Consolidated Financial Statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. We did not audit the financial statements and other financial information in respect of:
 - i. subsidiary included in the Consolidated Financials Statement, whose financial information reflect net total assets of Rs 50.08 Million as at March 31, 2025, total revenues of Rs 62.83, total net profit/(loss) after tax of Rs 1.08 Million, total comprehensive income of Rs 1.70 Million and net cash inflows amounting to Rs 17.56 Million for the year ended March 31, 2025 before elimination. The financial information of the subsidiary has been audited, as applicable, by the other auditors whose report have been furnished to us by the Parent Company's Management, and our opinion and conclusion on the Consolidated Financials statement, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, is based solely on the report of such other auditors.

Our opinion above on the Consolidated Financial Statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors provided to us by the management.

Our opinion on the consolidated financial statements above is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditor of subsidiary company included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent Company, we report that in respect of that subsidiary company where audit have been completed under section 143 of the Act, there are no qualifications or adverse remarks by the respective auditor in the CARO report of the said company included in the consolidated financial statements
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial information of the subsidiary referred to in the Other Matters section above we report, to the extent applicable, that
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the Consolidated Financial Statements;
- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
- e) On the basis of the written representations received from the directors of the Parent Company as on March 31, 2025 taken on record by the Management and Board of Directors of the Parent Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the Internal Financial controls with reference to Consolidated Financial Statement and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent Company and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidated Financial Statements of those Companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary company incorporated in India, the remuneration paid by the Parent Company and such subsidiary company to their respective directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V of the Act and the rules thereunder.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group (Refer Note 41 to the Consolidated Financial Statements).
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund during the year
 - iv. (a) The respective management of the Parent Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiary that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from

borrowed funds or share premium or any other sources or kinds of funds) by the Parent Company or subsidiary to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the ultimate Beneficiaries.

(b) The respective management of the Parent Company and its subsidiary which are companies incorporated in India whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiary that, to the best of their knowledge and belief, no funds have been received by the Parent Company and its subsidiary from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding party ("ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances performed by us and those performed by other auditors of subsidiary which is companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice, that has caused us or the other auditor to believe that the representations under sub-clause (i) and (ii) of the Rule 11(e), as provided under sub-clause iv(a) and iv (b) above, contain any material mis-statement.

v. The amount of dividend is in accordance with Section 123 of the act

a) The final dividend proposed in the previous year, declared and paid by the Parent Company during the year and interim dividend declared and paid during the year is in compliance with section 123 of the Companies Act, 2013, as applicable.

b) As stated in Note 41 to the consolidated financial statements, the Board of Directors of the Parent Company have proposed the final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, to the extent it applies to payment of dividend.

vi. Based on our examination which included test checks and based on the other auditor's report of its subsidiary company incorporated in India whose financial statements have been audited under the Act, except for the instances mentioned below the Parent Company, its subsidiary company incorporated in India have used Tally Prime software for maintaining its books of account which has a feature of recording audit trail (edit log) and the same has operated throughout the year for all relevant transactions recorded in the software and the audit trail has been preserved by the Company as per the statutory requirements for record retention:

ANNEXURE A to Independent Auditors' Report on the Consolidated Financial Statement of Seshaasai Technologies Limited.

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Group as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to the Consolidated Financial Statements of Seshaasai Technologies Limited (hereinafter referred to as "the Parent Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent Company and its subsidiary, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to the Consolidated Financial Statements based on the internal control with reference to Consolidated Financial Statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to the Consolidated Financial Statements of the Parent Company and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing ("SA") prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Consolidated Financial Statements. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures

selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of the Subsidiary company, which is a company incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the Consolidated Financial Statements of the Parent Company and its subsidiary company which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in Other Matters paragraph below, the Parent Company and its subsidiary company, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls system with reference to the Consolidated Financial Statements and such internal financial controls with reference to the Consolidated Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal control with reference to the Consolidated Financial Statements established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the Consolidated Financial Statements of the Parent Company, in so far as it relates to its subsidiary, which is a company incorporated in India, is based on the corresponding report of the auditor of such subsidiary incorporated in India.
Our opinion is not modified in respect of the above matters.

Note 1: Material Accounting Policies

I. Corporate information

Seshaasai Technologies Limited w.e.f 25th November 2024 (formerly known as Seshaasai Business Forms Limited, w.e.f 14th October 2024) (was previously known as Seshaasai Business Forms Private Limited) ('the Parent Company / the Company') is a company domiciled and incorporated in India under the Companies Act, 2013 on September 17, 1993. The registered office of the Company is located at 9, Lalwani Industrial Estate, 14, Katrak Road, Wadala, Mumbai- 400031.

The Company stands converted from "Private" to "Public" as per Certificate of Incorporation dated October 14, 2024 issued by the Registrar of Companies, Central processing center. Subsequently on November 25, 2024 the company changed its name to Seshaasai Technologies Limited as per Certificate of Incorporation dated November 25, 2024 vide CIN: U21017MH1993PLC074023.

The Company is mainly engaged in the business of security and Variable data printing. The Subsidiary of the Company is engaged in Information technology enabled services having a diverse domain. The said subsidiary was acquired on close of business hours on 31st March, 2024. Accordingly, the Company has prepared the Consolidated financial statements for the year ended 31st March, 2025 in accordance with Ind AS 110 Consolidated financial statements.

These Consolidated financial statements comprise financial statements of the Company and its subsidiary (collectively referred to as "the Group").

II. Basis of Preparation and Presentation of Consolidated financial statements

(a) Statement of Compliance

The Ind-AS consolidated financial statements of the Group have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules, 2017 ('Ind AS') and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI) as applicable.

(b) Principles of Consolidation

The Consolidated Financial Statements of the Company and its wholly owned subsidiary are combined on a line-by-line basis by adding together like items of assets, liabilities, equity, income, expenses and cash flows, after fully eliminating intra-group balances and intra- group transactions. The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The carrying amount of the Company's investments in subsidiary is off set (eliminated) against the Company's portion of equity in the subsidiary and the difference is recognized as Goodwill on consolidation.

(c) Functional Currency

The Group's Consolidated financial statements are presented in Indian Rupees, which is

also its functional currency. All the values are rounded off to the nearest Millions with two decimals except where otherwise stated.

(d) Basis of measurement

These Consolidated financial statements have been prepared on accrual basis under the historical cost convention except for (a) Certain Financial Assets and Liabilities and (b) Defined Employee Benefit Plan Assets, which have been measured at their fair values.

(e) Use of Estimates

The preparation of the Group's Consolidated financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the assets or liabilities in future periods.

(f) Current Non- current Classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Operating Cycle is the time between the acquisition of assets for business purposes and their realisation into cash and cash equivalents. Based on the nature of activities of the Companies in the Group, the Group has determined its operating cycle as 12 months.

(g) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- i. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- ii. Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- iii. Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Group's assumptions about pricing by market participants.

III. Material Accounting Policies

1.1 Property, Plant & Equipment and depreciation

Recognition and measurement

On transition to Ind AS, the entities in the Group have elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2022 (transition date) measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss. The cost of an item of property, plant and equipment comprises:

- a. its purchase price, including import duties and non-refundable taxes (net of GST), after deducting trade discounts and rebates.
- b. any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c. borrowing costs for long-term construction projects if the recognition criteria are met.
- d. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital Work-in-

Progress'.

Decommissioning cost and the cost of removal of such assets is not material considering the size of the Group. Considering this aspect, the Group has not made any policies for capitalizing the decommissioning cost.

Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation on 'Property, Plant & Equipment' generally is provided on the Straight-Line Method over the useful lives of the assets and residual value in terms of Schedule II of the Companies Act, 2013. Depreciation for the assets purchased/sold during the period is proportionately charged. Building constructed on the lease hold land if any, is depreciated over the period of lease or the useful life in terms of Schedule II of the Companies Act 2013, whichever expires earlier. Leasehold land if any, is amortized over the period of the lease. Improvements to buildings are amortized over the period of remaining useful life of the building. The estimated useful lives are as under:

Plant and Machinery (including electrical installation)	15 years
Furniture and fixtures	10 years
Office Equipment	5 years
Computers	3 years
Lease hold land	Period of lease
Buildings	30 years

The residual values, useful lives and methods of depreciation of 'Property, Plant and Equipment' are reviewed at each financial year end and adjusted prospectively, if appropriate and under such circumstances the appropriate disclosure is being made in the notes to accounts.

Policy with regard to depreciation of assets taken on lease i.e. Right of Use Assets disclosed under sub note 1.4 below.

1.2 Intangible Assets and Amortization

Intangible assets are stated at the cost of acquisition/cost of development less accumulated amortization and impairment loss, if any. Such costs include purchase price/development costs, eligible borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use net of recoverable taxes, trade discount and rebates. Subsequent costs are included in the assets carrying value or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be reliably measured.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised. The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate

The Group has estimated the useful life of Intangible Asset of the nature Computer Software at 15 years/3 years. The estimated useful life of an intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors. The asset is amortised on a straight-line basis over the estimated useful life. Goodwill is not amortised and is tested for impairment annually.

1.3 Impairment of Non-financial Assets

As at each Balance Sheet date, the Group assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified to the asset. In determining fair value less cost to sell, recent market transaction are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation.

When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through the Statement of Profit and Loss.

1.4 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

The Group's lease asset class primarily consists of leases for buildings and machinery.

As lessee:

Lease under which the Group assumes substantially all the risks and rewards of ownership are classified as Finance Leases.

At the date of commencement of the finance lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short term and leases of low value assets the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made

As Lessor:

Leases are classified as Finance Lease or Operating Lease, in the manner stated above. Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease. Revenue from lease rental is disclosed net of indirect taxes, if any.

1.5 Financial Instruments

1.5.1 Financial Assets

1.5.1.1 Initial recognition and Measurement

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at Fair Value on initial recognition, except for trade receivable which is initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date, i.e., the date that the Group commits to purchase or sell the asset.

1.5.1.2 Classification of financial assets:

The Group classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

1.5.1.3 Subsequent Measurement

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

Financial Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Financial Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

The Group subsequently measures all equity investments at fair value. Where the Group's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

1.5.1.4 Impairment of Financial Assets

The Group assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109

Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At all reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Group uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

1.5.1.5 Derecognition of financial assets

The Group derecognizes financial asset when the contractual rights to cash flows from the financial asset expires or it transfer the financial asset and the transfer qualifies for derecognition under Ind AS 109.

1.5.2 Financial Liabilities

1.5.2.1 Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

1.5.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

1.6 Taxes on income

Tax expense comprise of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a

Handwritten signature and circular stamp of SESHAASAI TECHNOLOGIES LIMITED.

reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each balance sheet date unrecognized deferred tax assets are re-assessed. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Income Tax paid (including tax deducted at source, tax paid on self-assessment or otherwise) and provision for Current Income Tax is presented in the Balance Sheet after setting off the same against each other.

1.7 Inventories

- Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads is arrived through Weighted Average Cost.
- Scrap is valued at net realisable value.
- Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

1.8 Employee Benefits

Short Term Employee Benefits

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus, ex-gratia and performance linked rewards such as annual variable pay falling due wholly within twelve months of rendering the service are classified as short-term benefits and are expensed in the period in which the employee renders the related service

Defined Contribution Plan

Provident fund scheme, employee state insurance scheme and employee pension scheme are the Group's defined contribution plans. The contribution paid or payable under the scheme is recognised during the period in which the employee renders the related service.

Defined Benefit Plan

The Group provides for Gratuity, a defined benefit plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and tenure of employment with the Group.

The Group's contribution towards gratuity is invested in a Group Gratuity Policy with the Life Insurance Corporation of India. Deficit/Surplus of present value of obligations (under Gratuity policy) over the fair value of Gratuity plan assets is recognised in the Balance Sheet as an asset or liability. The same is determined based on an independent actuarial valuation using the Projected Unit Cost Method. Gains and losses through remeasurement of the net gratuity liability/(asset) are recognised in Other Comprehensive Income and is reflected in Other Equity and the same is not eligible to be reclassified subsequently to Profit

or Loss. Premium expense incurred to keep in effect such a group gratuity policy is recognised in the Statement of Profit and Loss as employee benefit expense in the year such premium falls due.

The Group has not framed any policy as regards leave encashment, since the same is not given as long term employee benefit. There are no other employee benefits.

1.9 Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

1.10 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand and at bank (in current accounts) and term deposits maturing within 3 months from the date of deposit. Term deposits maturing beyond 3 months, earmarked balances with banks and deposits held as margin money or security against Bank guarantees, LC, borrowings etc. have not been considered as Cash and Cash Equivalents.

1.11 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

1.12 Revenue Recognition

Revenue from Operations

The Group derives revenues primarily from Sale of Products and services including manufacturing and trading.

Seshaasai Technologies Limited
Notes Forming part of the Consolidated Financial Statements
(All amounts in Millions, unless otherwise stated)

Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes

amounts collected on behalf of third parties. Revenue is recognized upon transfer of control of promised products or services to customers. To recognize revenues, the Group applies the following five step approach:

- (1) Identify the contract with a customer,
- (2) Identify the performance obligations in the contract,
- (3) Determine the transaction price,
- (4) Allocate the transaction price to the performance obligations in the contract, and
- (5) Recognize revenues when a performance obligation is satisfied.

The revenue is recognised when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the products or services is transferred to a customer.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the products/services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Products/Services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional products/services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services. Revenue is disclosed net of Goods and Service Tax in the statement of profit and loss.

The Group accounts for rebates/discounts to customers as a reduction of revenue based on the underlying performance obligation that corresponds to the progress by the customer towards earning the rebate/discount. The Group accounts for the liability based on its estimates of future timely receipts of the billed and unbilled revenue. If it is probable that the criteria for rebate/discount will not be met, or if the amount thereof cannot be estimated reliably, then rebate/discount is not recognised until the payment is probable and amount can be estimated reliably. Such rebates/discounts are accounted as the reduction from the revenue.

Interest Income

Interest Income from a financial asset is recognized using the effective interest method. Interest on refund of Income Tax is accounted in the year of receipt.

Other Income

Lease income is recognised in the manner mentioned in sub note 1.4 above.

Difference in Exchange rates recognised as income, in the manner mentioned in sub note 1.13 below.

Bad debts recovered considered as income, in the year, the same is being recovered.
Claims received is accounted in the year of receipt.
Dividend Income is recognized when the Group's right to receive the payment has been established.

Government grants and subsidies are accounted when there is reasonable assurance that the Group will comply with the conditions attached to them and it is reasonably certain that the ultimate collection will be made. Capital grants relating to specific fixed assets are reduced from the gross value of the

Respective fixed assets. Revenue grants are recognised in the Statement of Profit and Loss. Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

1.13 Foreign Exchange Transactions

Transactions in foreign currencies are translated into the functional currency of the Group at exchange rates at the date of transactions or an average rate if the average rate approximates the actual rate at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Foreign Exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary-assets and liabilities denominated in foreign currency at year / period end exchange rate are generally recognised in profit or loss.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in foreign currency are translated at the exchange rate at the date of transaction. Exchange differences are recognised in the profit or loss, except exchange differences arising from the translation of qualifying cash flow hedges to the extent hedges are effective which are recognised in Other Comprehensive Income (OCI)

1.14 Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(i) Commencement of capitalization

Capitalisation of borrowing cost as part of the cost of a qualifying asset shall begin on the commencement date. The commencement date for capitalisation is the date when the entity first meets all of the following conditions:

- it incurs expenditures for the asset;
- it incurs borrowing costs; and
- it undertakes activities that are necessary to prepare the asset for its intended use or sale.

(ii) Cessation of capitalisation

Cessation of capitalisation shall happen when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

Other borrowing costs are recognised as an expense in the period in which they are incurred.

1.15 Share Capital and Share Premium, Dividend Distribution to Equity Shareholders:

Ordinary shares are classified as equity, incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

The Group recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Group. A distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in other equity along with any tax thereon.

1.16 Earnings per share

Basic earnings per equity share is calculated by dividing the net profit or loss after tax (before considering other comprehensive income) for the year attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share, if any, is computed by dividing the net profit or loss for the year as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares and dilutive potential equity share outstanding during the period except when the results would be anti-dilutive.

1.17 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

Note No.43.4 Financial risk management objectives

The Group principal financial liabilities comprise borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables and cash that are derived directly from its operations.

The Group has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

I. Risk management framework

The Group activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Group primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Group risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group activities. The Board of Directors is responsible for overseeing the Group risk assessment and management policies and processes.

II. Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group receivables from customers. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with bank and other financial instruments.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

(a) Trade and other receivables

The Group exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. The Group has further considered internal and external sources of information, specifically having regard to the current macro economic conditions and the global health pandemic to assess the impact on credit losses. Basis the information available as at the date of approval of these financial statements, the Group expects the historical trend of minimal credit losses to continue.

Summary of the Group exposure to credit risk by age of the outstanding from various customers is as follows:

	Consolidated As at 31 March 2025	Consolidated As at 31 March 2024
Neither past due nor impaired	1,610.29	1,268.35
Past due but not impaired		
Past due 1-90 days	1,041.06	867.48
Past due 91-180 days	171.68	44.18
Past due more than 180 days	144.05	51.41
	2,967.08	2,231.42

(b) Expected credit loss assessment for customers as at 31 March 2025 and 31 March 2024

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

The movement in the allowance for impairment in respect of trade receivables during the year was as follows:

Balance as at 31 March 2023	12.37
Impairment loss recognised	4.97
Amounts written back	-
Balance as at 31 March 2024	18.34
Impairment loss recognised	11.65
Amounts written back	-
Balance as at 31 March 2025	29.99

(c) Cash and cash equivalents

The Group held cash and cash equivalents with credit worthy banks and financial institutions as on 31 March 2025 Rs. 990.16 million (31 March 2024 Rs. 781.44 million). Other than trade and other receivables, the Group has no other financial assets that are past due.

(d) Loan

The Loan consists of Loan to employees. The Group does not expect any non payment as said loan are given to confirmed employees only of the organisation

Note No.43.5 Liquidity risk management

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Group's reputation.

The Group manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

(i) Exposure to liquidity risk

The table below analyses the group's financial liabilities into relevant maturity groupings based on their contractual maturities for:

Note No.43.6 Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Group is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and other price risk such as commodity risk.

(i) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Group operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar (USD) and Euro (EUR), against the functional currencies of the Group.

(ii) Exposure to currency risk

The summary quantitative data about the Group / the Company's exposure to currency risk as reported to the management of the Group is as follows:

(iii) Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of the Group would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

These are for operation purposes and the Group expects its refund on exit. The Group estimates that the fair value of these investments are not materially different as compared to its cost.

The financial instruments are categorised into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

(ii) Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below.

The fair value of investment in Government Securities is measured at quoted price.

The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates at the balance sheet date.

Commodity derivative contracts are valued using available information in markets and quotations from exchange.

The fair value of level 3 instruments is valued using inputs based on information about market participants assumptions and other data that are available.

The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

45 Merger

Pursuant to the composite scheme of Arrangement between Seshaasai Technologies Limited w.e.f 25th November 2024 (formerly known as Seshaasai Business Forms Limited, w.e.f 14th October 2024) (was previously known as Seshaasai Business Forms Private Limited) (SBF/the Company) and Seshaasai E-Forms Private Limited (SEF/Transferor Company) and their respective shareholders and creditors under section 230 to 232 read with section 2(1B), section 2(19AA) and other applicable provisions of the Income Tax Act along with other applicable provisions of the Companies Act, 2013 ("the Scheme" or "Business Reorganization Scheme"), the scheme provides for the demerger of the Business Process Outsource Division ('BPO Division') of SEF and the merger of the remaining business of SEF into SBF, effective from the appointed date of March 31, 2023. The Scheme was sanctioned by the Mumbai bench of the Hon'ble National Company Law Tribunal [NCLT] vide its order dated February 08, 2024 and all the businesses, undertakings, activities, properties, investments and liabilities of SEF were transferred to and vested in the Company as per the Scheme with effect from March 31, 2023, being the appointed date. The certified copy of order and necessary forms was filed with the Registrar of Companies, Mumbai [ROC] at Mumbai on March 13th, 2024. The Scheme has accordingly been given effect to in these financial statements as per the accounting treatment approved in NCLT order and provided in the Scheme.

As the above companies are under the common control of the shareholders, the Scheme has been accounted for in the books of the Company using Pooling of Interest method as prescribed in Appendix C to Ind AS-103 ["Business combinations of entities under common control"]. Accordingly,

1. The assets and liabilities pertaining to the Transferor Company vested in the Company have been accounted as provided in the Scheme, at their respective carrying values as appearing in their respective books on the opening hours of business on March 31, 2023 being the Appointed Date.
2. The inter-Company outstanding balances between the Transferor Company and the Company inter-se have been cancelled.
3. The transferor company also holds shares in SBF, for which the equity share capital of the company has been cancelled against the cost of investment as reflected in the books of the transferor company. This cancellation has resulted in a difference that is credited to a capital reserve.
4. No adjustments are made to reflect fair values, or recognize any new assets or liabilities. Adjustments are only made to harmonize accounting policies.
5. The identity of the reserves are preserved and the reserves of the Transferor Company become the reserves of the Company.
6. The surplus/deficit of the value of shares issued to the shareholders of the Transferor Company over the value of net assets and reserves of the Transferor Company appearing in the books of the Company on merger pursuant to the Scheme has been adjusted in the "Capital Reserve Account" of the Company.
7. The financial statements of the Company for the previous financial years presented as at April 01, 2022 and March 31, 2023 have been restated as if this business combination through the Scheme had occurred from the beginning of the earliest period presented, i.e. April 01, 2022, as prescribed in the Appendix C to Ind AS-103.

The total consideration for merger is Rs. 588.00 Millions, which is determined by exchange ratio of 1:147 shares of the Company against 1 share of SEF.

The book values of assets and liabilities acquired of Transferor Company on merger, as at the appointed date i.e. 31st March, 2023 has been provided below:

46 Subsequent Events

1. Acquisition of Shares in Atoll Solutions Private Limited

The Board of Directors of the Company, in its meeting held on 28th April 2025, approved the acquisition of 76% equity shares in Atoll Private Limited for a total consideration of ₹114 million. As on the date of approval of these financial statements (10th July 2025), the Share Purchase Agreement and Shareholder's Agreement in respect of the proposed acquisition have not been executed. Accordingly, in line with Ind AS 10 - Events after the Reporting Period, this constitutes a non-adjusting subsequent event and no effect has been given in the financial statements for the year ended 31st March 2025. The accounting treatment, if any, will be considered upon execution of definitive agreements and completion of the acquisition.

2. Approval for Investment in Alamind Labs Private Limited

Following negotiations post the balance sheet date, The Board of Directors at its meeting held on 10th July 2025, approved to invest ₹19.98 million to acquire 10% equity stake in Alamind Labs Private Limited and also to invest in Compulsory Convertible Preference shares in two tranches. As on the date of approval of these financial statements (10th July 2025), the Security Subscription Agreement and Share holder's Agreement in respect of the proposed acquisition have not been executed. Since the approval was granted on the date of signing the financial statements and the transaction had not been completed as of that date, this is considered a non-adjusting event under Ind AS 10. The accounting treatment will be assessed upon completion of the investment and related formalities.
